

**PRODUCT DESCRIPTION**

Natural stone and simple geometry come together in Slab, a collection that transforms Spanish alabaster into a luminous architectural statement. Backlit LED illumination reveals the stone's delicate veining and natural translucency, creating a warm glow that feels both refined and organic. The clean circular form allows the material to take center stage, while Dark Bronze and Natural Aged Brass finishes provide a sophisticated framework. Offered in four diameters ranging from intimate accent sizes to larger statement pieces, Slab brings timeless elegance and material richness to modern interiors.
